

MEKATONIC UNIVERSITY

Number 19

Here we go, again...I have been informed that ~~Benjamin~~ ~~Reiner~~ wishes to be responsible for the publication of the two ~~issues~~ ~~which~~ appeared in Lusitania; we somewhat doubtfully take over publication of the moves in 19650, and 1966X. Tentatively, all former Lusitania players will receive ~~free~~ subscriptions to MEKATONIC UNIVERSITY for the duration of their games--These issues will report the progress of the games, but probably will lack the extra material on politics, poetry, and the state of Beverley Hills for which we also remember Lusitania.
